EMMANUELLE S

*A Laurent, Arthur et Victor  
qui égayaient ma vie,  
avec tout mon amour  
A mes amis et à ma famille*

## 1 VAMOS A BAILAR

*Lyrics and music : Emmanuelle Samama*

Vamos a bailar,  
Para orvidar,  
E canteramos,  
Para celebrar  
Vamos a bailar!

## 2 WAITING THERE FOR YOU

*Lyrics and music : Emmanuelle Samama*

I will feel the sun burning my skin,  
But I'll stay waiting there for you,  
I'll sing my song to the blowing wind,  
To let you know I'll wait for you.

Waiting there for you  
Waiting there for you

I know you left , I know you're gone,  
But I stay waiting there for you.  
Another year has just begun,  
And I'm still waiting there for you.

Waiting there for you  
Waiting there for you

The earth keep circling around the sun,  
And I keep waiting there for you.  
All I could do now has been done,  
And I'll be waiting there for you.

Waiting there for you  
Waiting there for you

Under the rain, under the storm,  
I have been waiting there for you.  
I played for love, I know I won,  
And I'll be waiting there for you.

### 3 QUIET TIME

*Lyrics and music : Emmanuelle Samama*

Quiet time,  
When I'm dancing in your arms,  
And a music all around us  
Make us feel this quiet time.

Quiet time,  
When I'm dancing close to you,  
I can hold your hand and see you  
Glad and calm and satisfied.

Quiet time,  
When we're dancing all that time,  
I can see no one around,  
Just you and me for a quiet time.

Quiet time,  
Everything is fine and calm,  
Everyone sleeps and I feel the rhythm  
Of this quiet time.

Quiet time,  
When I'm dancing in your arms,  
And the music all around us,  
Make us feel this quiet time.

Quiet time  
When we're dancing all that time  
We're alone, no one around ,  
Just you and me for a quiet time.

### 4 JOY

*Lyrics and music : Emmanuelle Samama*

All that time you were so sad but now it's time for joy.  
It's time for joy, It's time for joy.

All that time your life was bad but now it's time for joy.  
It's time for joy, it's time for joy.

For all you have you should be glad and now it's time for joy.  
It's time for joy, it's time for joy.

Try to smile, don't stay so sad it's time, it's time for joy.  
It's time for joy, it's time for joy.

All that time you were so sad but now it's time for joy.  
It's time for joy, It's time for joy.

### 5 BACK TO AFRICA

*Lyrics and music : Emmanuelle Samama*

Bring me back to Africa,  
Bring me back to Africa.

Give me your hand if you think I pretend.  
Give me your hand and I'll give you my hand.

Bring me back home.

Give me your hand if you think I pretend.  
Give me your hand, Africa is my land.

Bring me back home.

## 6 ONE WAY LOVE

*Lyrics and music : Emmanuelle Samama*

When you're in a one way love,  
There's no way to return,  
You're on a one way road,  
Your heart will fall apart.

You're in a one way love,  
There's no love in return,  
You're heart will fall apart,  
You're in a one way love.

When you're in a one way love,  
Your heart will slowly learn  
To take another road,  
But you will soon return.

You're in a one way love,  
Your heart will slowly burn,  
It's such a lonely road,  
You're in a one way love.

When you're in a one way love,  
There's no way to return,  
You're on a one way road,  
Your heart will fall apart.

You're in a one way love,  
There's no love in return,  
Your heart will fall apart,  
You're in a one way love.

You're in a one way love,  
Your heart will slowly learn,  
It's such a lonely road,  
You're in a one way love.

You're in a one way love,  
Your heart will slowly learn  
To take another road,  
But you will soon return.

## 7 IN MY DREAM

*Lyrics and music : Emmanuelle Samama*

I could hear the moon singing to the stars.  
I woke up and soon sang to my guitar.  
No word for that tune we sing just what we are,  
We're alive and soon we'll be falling stars.

Bring me back some falling stars,  
For all that time they look so far.  
Can't we stay just what we are?  
Make a wish upon a star.

I can hear the moon singing for the stars.  
I can hear the wind blowing on my guitar.  
They sing me to sleep and in my dream I see some falling stars  
Shining bright on me and bring me back just where you are.

Bring me back my falling star  
For all that time it looks so far.  
I will stay just were you are,  
I'll make a wish upon a star.

I could hear the moon singing to the stars.  
I woke up and soon sang to my guitar.  
No word for that tune we sing just what we are,  
We're alive and soon we'll be falling stars

Bring me back some falling stars  
For all that time they look so far.  
Can't we stay just what we are?  
Make a wish upon a star.

## 8 MAMAN A TORT

*Paroles et musique : Emmanuelle Samama*

Maman a tort,  
J'suis pas le plus fort,  
Au fonds les remords  
Me rongent le corps.

Maman ignore  
La loi du plus fort,  
Tous les mauvais sorts,  
A la vie à la mort.

Maman s'endort  
Tous rêves dehors,  
Elle y croit encore,  
Mais maman a tort.

Il n'y a pas de rêve,  
Tous ces mauvais rêves  
Jamais ne s'achèvent.  
Il n'y a pas de rêve,  
Tu marches ou tu crèves,  
Tu tombes et tu te relèves.

## 10 THE LETTER

*Lyrics and music : Emmanuelle Samama*

Goodbye cruel world, I'm gonna leave you tonight.  
I'm gonna send you this night a letter.  
Goodbye cruel world, I won't miss you this time,  
I'll be in heaven tonight cruel world.

I have tried to stay, I have tried to pray days and nights.  
I have tried to play just as they said with all my night.

Goodbye cruel world, I'm gonna leave you tonight,  
Nobody stands by my side, goodbye.  
Goodbye cruel, world I'm too lonesome tonight,  
No one is here to hold me tight,  
Goodbye.

## 9 STRANGE TIME

*Lyrics and music : Emmanuelle Samama*

Strange time, what's going on ?  
Strange time, keep moving on.  
We're moving on the dark side of a cold moon,  
The night is dark and very soon  
A dark knight will sing his sad tune.  
The sun will set before it's noon.

This time is dark.

Dark night dark night, I can feel the mood,  
In this cold world some get no food.  
Dark night dark night,  
Living in a wood,  
We call it jungle but we're rude.

Strange time for a walk alone,  
I'm walking on a walk of stones,  
Trees are dying there's no green around,  
Birds stop singing silence makes a strange sound.

We're moving on the dark side of a cold moon,  
The night is dark and very soon  
A dark knight will sing his sad tune.  
The sun will set before it's noon.

This time is dark.

Dark night dark night I can feel the mood,  
In this cold there's no green wood.  
We didn't save earth as we should,  
Instead we spent time for no good.

This time is dark.

Dark night dark night, I can feel the mood,  
In this cold world some get no food.  
Dark night dark night,  
Living in a wood,  
We call it jungle but we're rude.

I have tried to say all that I bear but tonight,  
I'll leave right away, won't try to stay another night.

Goodbye cruel world, I'm gonna leave you tonight,  
I'm gonna send you this night a letter.  
Goodbye cruel world, I won't miss you this time,  
I'll be in heaven tonight cruel world.

I have tried to stay another day another night.  
I have tried to say nobody ever treat me right.

Goodbye cruel world, my heart is broken tonight,  
I find no reason to fight, goodbye.

Goodbye cruel world, I won't see the morning light,  
I will rest in the pale moonlight,  
Goodbye

I'm too different they said, what could I say,  
What could I write? Was it a reason to pay,  
A reason to hurt me till I cry?

Goodbye cruel world, I'm gonna leave you tonight,  
I'm gonna send you this night a letter.  
Goodbye cruel world, I won't miss you this time,  
I'll be in heaven tonight cruel world.

## 11 JE M'ENVOLE

*Paroles et musique : Emmanuelle Samana*

D'île en île , je m'envole,  
Loin de tout ce bruit,  
Loin du monde ici.

Avec toi je m'envole,  
Et je laisse ma vie,  
Pour un vol de nuit.

Au matin mes peurs raisonnent,  
Je suis loin d'ici,  
Loin de nous, de lui.

Et je sens mon cœur qui cogne,  
Avec toi sans lui  
Je passe mes nuits.

Far away I'm flying  
Far away I'm flying  
Far away without you now

D'île en île, je m'envole,  
Loin de tout ce bruit,  
Loin du monde ici.

Avec toi je m'envole,  
Et je laisse ma vie  
Pour un vol de nuit.

D'île en île je m'envole  
Loin de moi de lui  
Je pars loin d'ici

Sur un atoll sans personne,  
Je m'envole,  
Je m'envole.

## 12 BLUE MONDAY

*Lyrics and music: Emmanuelle Samana*

Blue, it's a blue blue Monday,  
Since my love is away,  
Now I'm lost everyday , alone.

Blue, it's a blue blue Monday,  
Since my love went away,  
I can't sing , I just stay alone.

Now the sky is grey,  
There's no sunshine today.

Blue , it's a blue blue Monday,  
Since you left yesterday.  
Will you be back one day?

Blue , it's a blue blue Monday,  
I will sing and I'll play  
A new song every day, on my own.

While I sing and play,  
I close my eyes, and I pray.

Blue , it's a blue blue Monday,  
Just another sad day,  
Now that you're gone away, one day.

Blue, it's a blue blue Monday,  
Another rainy day,  
From Monday through Sunday.

What more could I say  
to change your mind and make you stay?

Blue, it's a blue blue Monday,  
Only one day away  
It was a happy day of May.

Blue, it's a blue blue Monday,  
Since my love is away  
I just sing and I play , on my own.

## 13 KING OF THE FOOLS

*Lyrics and music: Emmanuelle Samama*

Babe, you should know you're the king of the fools,  
And this time I won't play by your rules,  
You've been mean, you've been mad, you've  
been cruel,  
If you burn me with words I'll stay cool.

You should know you're the king of the fools,  
You should know that in love there's no rule,  
And I know that for love there's no school,  
For the mess you have done there's no tool.

The king of the fools, you're the king of the fools.

Babe, I won't stay by your side, all your jewels  
I will throw them away in your pool.  
All the words you could say, all the tools  
You could use to repair, it's no use.

You must know you're the king of the fools,  
I won't live like a fish in a pool,  
It's too small, it's too safe, it's too cool,  
And you know I am brave it's the rule.

The king of the fools, you're the king of the fools.

Babe, you should know you're the king of the fools,  
And this time I won't play by your rules,  
You've been mean, you've been mad, you've  
been cruel.  
If you burn me with words I'll stay cool.

I will fly like a bird it's so cool,  
I'll be free like the wind that's my rule,  
But I know that for life there's no school,  
And I know love is the only tool.

## 14 LE TEMPS NOUS ENTRAINE

*Paroles et musique : Emmanuelle Samama*

Je passe mes jours sans tout comprendre,  
A attendre  
Que le temps s'arrête.  
Il file et il court sans rien attendre,  
A tout prendre,  
Il passe et s'entête.

Tous ces jours, ces souvenirs,  
Tous ces amours sans avenir,  
Je voudrais tant y revenir,  
Mais le temps m'entraîne.  
Tous ces jours à devenir,  
A tout défaire et reconstruire,  
A s'en aller et revenir,  
Le temps nous entraîne.

J'ai passé nuit et jour à l'attendre,  
Sans comprendre  
Que l'amour s'arrête.  
Que le temps l'emporte  
Dans ses méandres,  
Sans rien rendre,  
Et rien ne l'arrête.

## 15 COMME AVANT

*Paroles et musique : Emmanuelle Samama*

Tous ces sentiments qui se délient,  
Qui se délavent avec le temps,  
L'amour qui s'use obstinément.  
Toi qui t'égares, qui prends la fuite,  
Tes mots lancés à bout portant,  
Mon cœur qui saigne à tout bout de champ.

Plus rien ne sera comme avant.

Perdu en regards un peu fuyants,  
L'amour s'efface et fait semblant,  
L'un pour l'autre on est transparent.  
Toi qui t'échappes en faux-fuyant,  
L'amour qui reste évanescant,  
La fin qui rôde et qui attend.

Plus rien ne sera comme avant.

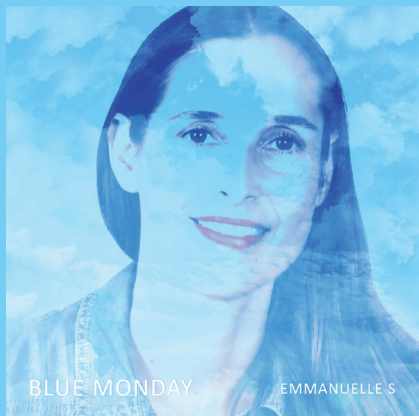

L'air de rien, la peine contenue,  
Le cœur à vif est mis à nu,  
Un jour sans l'autre on continue.  
Aux tristesses aux déconvenues,  
A presque tout on s'habitue.  
T'aurais-je aimé si j'avais su ?

Plus rien ne sera comme avant.

Tous ces sentiments qui se délient,  
Qui se délavent avec le temps,  
L'amour comme une fuite en avant.  
On s'y abîme puis on s'évite,  
A s'aimer depuis trop longtemps  
Plus rien n'est jamais comme avant
